

**THE COUNCIL ON CHIROPRACTIC EDUCATION (CCE)  
DIRECTORY OF CHIROPRACTIC DEGREE PROGRAMS AND SOLITARY PURPOSE CHIROPRACTIC  
INSTITUTIONS HOLDING ACCREDITED STATUS**

CCE was incorporated in 1971 and is recognized by the United States Secretary of Education as the specialized accrediting agency for the Doctor of Chiropractic Degree Program. CCE has been so recognized since 1974.

According to CCE Policy BOD 151: "Accredited entities must clearly state their accreditation status as awarded by the Commission on Accreditation. All doctor of chiropractic degree programs accredited by the COA must use the following statement when publicly describing their status:

**The doctor of chiropractic degree program of (name of program) is accredited by the  
Commission on Accreditation of the Council on Chiropractic Education, 8049 N. 85th  
Way, Scottsdale, AZ 85258. Tel: 480-443-8877.**

In a case where the doctor of chiropractic degree program of a solitary purpose chiropractic institution has been reviewed and accredited by the COA, and the institution has not yet achieved accreditation by a regional accrediting body, that institution may request and undergo COA review according to established criteria for award of institutional status. Institutions achieving such institutional status by virtue of COA review must, in addition to the statement noted above, use the following statement when publicly describing such institutional status:

**(Name of solitary-purpose chiropractic institution) is afforded institutional status by the  
Commission on Accreditation of the Council on Chiropractic Education, 8049 N. 85th  
Way, Scottsdale, AZ 85258. Tel: 480-443-8877."**

The following listing of programs accredited by the CCE Commission on Accreditation (COA) provides information specific to the program and identifies certain dates of importance in the accreditation process. Parties who wish to submit third-party comment regarding any program must do so in writing to the COA through the CCE Executive Office. Although such comment may be submitted at any time, it is suggested that comment intended for consideration in connection with the comprehensive evaluation, site visit and status review of the program be submitted not less than sixty (60) days before the scheduled evaluation.
